

Data Steward strand

Partnership

“The FAIRsFAIR project addresses, in a 36 months timeplan, the development and concrete realisation of an overall knowledge infrastructure on academic quality data management, procedures, standards, metrics and related matters, based on the FAIR principles.”

Run three instances of the school in Europe

Train-trainer events

Idea

Add a Data Steward strand to school.

Already substantial overlap in what they need to learn.

Data Steward students work with ECR but have their own modules as well.
