

ENTRANCE QUIZ

- If you are taking Data Science and Analytics MSc then this is a core module.
- Entrance quiz check to see if you already are good enough at Python.
- Test was run last week but we will run again this week.
- Best score of tests is used.
- If you pass then you can select another module.

REMEMBER

- Narinder and Jin are the kinds of students this module is for.
- This will work at a pace that is suitable for them.
- Next week all students must complete a form to note that they did their best in the entrance quiz.
